Athlete Church Vision

Revival in Japan through sports!!

in Sports

(for those involved in the sports world)

Each person is a temple of the Holy Ghost
Romans 12:1

Mission

We will make a paradigm shift to increase the number of athletes and people involved in sports who use the gift of sports to glorify God.

Mission statement

- ① Convey the fact that approximately 70% of the Japanese people, or 80 million people, are involved in sports, and ask the church for prayers.
- ② Cooperate with churches to send Christians involved in sports to sports sites. (Preaching, Testimony, Seminar, Conference)
- ③ Develop disciples of Christ through sports. (Making Disciples through Sports)

NEXT STEP

Making Disciples of Christ
in the World of Sports

Unity (network formation)

God's Family ~One Team~ Acts 2:46-47

Mission

Formation of Japan's One Team. Forming a City Team that can go out into the community. Expand your network using the universal language of sports

Mission statement

- ① With the guidance of the Holy Spirit, we will visit churches all over Japan and increase our number of members. We visited around 110 churches during this period, sharing messages and testimonies, doing running and exercise classes, festivals, etc. There are around 300 churches connected so far. We made a lot of connections, cooperated together with Christians and helped to build a lot of church networks. This means that the sports ministry vision is growing across the country.
- ② Together, think about sports ministries that are suitable for each church and region. (Utilizing the vision and diversity of each church, denomination, and group)
→ Relationship (Running Class)(Health Exercise)(All Ability)
- ③ Become a bridge for the formation of a network of Japanese churches. → Cooperation (Festival)

NEXT STEP

Mission cooperation and revitalization

To get to the mission, need a mission center!

Ministry Budget
